

Vikram Singh
vikram.singh@example.com
github.com/vikram09dev

Skills: Python, Pandas, NumPy, SQL, PostgreSQL, Airflow, scikit-learn, Docker, GCP

Experience

Data Intern - Built Python data pipelines on GCP with BigQuery and Airflow.

Projects

Churn Predictor with LLM Explanations

scikit-learn churn model plus an LLM layer (OpenAI API) generating explanations from feature importances, served via FastAPI with Postgres caching.
